

The Backshop Flyer, Train 1312, *Fresh from the Backshop and Ready For Service...*

This is a combined edition of my Newsletters that includes an exceptional list of new products, pre-orders and a couple of great new DCC tips.

'Tis the season for friends, family and showing off the layout. 'Tis also the season for inspiring new modelers. How many of us can remember back to the day we woke up to find a model train under the Christmas tree and were hooked on the hobby for life? Best Christmas ever. 1981. My step-father really hooked me up that year. Probably the coolest gifts that year were a brass Nickel Plate Products Rock Island Rocket with a real model of the TA diesel and four car articulated train set and a ten car NPP '39 Hiawatha with F7 Hudson and the finned version of the beavertail observation. [Otto Kuhler](#) really out-did himself on that one, eh? Far too many memories to talk about but he ignited a passion for model railroading that I will never be without.

This is a great time of the year to inspire your own grandchildren, sons and daughters to become model railroaders. I offer many [sets and track plan kits](#) that are perfect to get someone started in the hobby of a lifetime.

Don't forget, I also offer locomotives, rolling stock, track and landscaping in addition to one of the best selections of DCC products on the ~~internet~~ planet.

As I head into my fifth year as Streamlined Backshop, I pause to thank each of you. A business ceases to exist without customers and I am blessed to be able to serve you. I am grateful to have this opportunity to fuel your passion for model railroading too.

Thank you for your interest, your patience and your patronage. May you have a blessed and joyous Christmas...

High Ball... *All greens to SBS4DCC.com.*

In the news this month...

[Blackstone Models](#)

Weathered Consolidations Update

“We are currently projecting a 2014 first-quarter delivery of these models, which are being completely rebuilt. We regret the delays in getting these much-anticipated models to your customers and remain steadfast in our commitment to producing high-quality products that exceeds customers’ expectations. Thank you for your continued patience and understanding.”

Advance Reservations for 2014 Releases of Flatcars and Drop Bottom Gondolas

“On Monday, November 25, we will begin taking advance reservations for 2014 releases of our popular Flatcars and Drop Bottom Gondolas with all new road numbers. Previous releases of these cars have sold out and due to their prevalence on the D&RGW system, they will be a welcome addition to customers looking to expand their narrow gauge fleets. These releases have an expected delivery of May 2014.

“Though prices of overseas production continues to climb, we're pleased that we are able to announce pricing on these cars that 'roll-back' a couple of years, resulting in only modest increases over the last time these cars were offered 3-4 years ago. This results in a lower MSRP in comparison to recent releases, and we hope this will make these models attractive to your Blackstone Models customers and help to entice others to consider HOn3 as their scale and gauge of choice.”

[Electronic Solutions Ulm](#) (ESU)

Now available from SBS4DCC, the [ESU 73700-1 Adapter Board](#). This board can be paired with any Next18 decoder including the [ESU LokSound v4.0 Micro 54898](#) to create a fully-editable drop-in decoder for Athearn and Atlas locomotives.

[Roco](#) - [Fleischmann](#)

SBS4DCC is pleased to announce we have [Roco](#) and [Fleischmann](#) to our line of model railroad suppliers. These companies have long tradition of providing high quality models for the European market. I do not intend to

get heavily into the European train market at this time but I am able to provide anything in their respective catalogs. Please call or email with your requests.

So you may be asking, why pick up the line?

I am really excited to introduce two new products from [Roco](#) that get my vote for DCC product of the year. They are so cool and ultra-modern, they may just win next year too!

Introducing the [Z21 Digital Model Railway Control System](#).

This is the most modern DCC Command Station on the market featuring Plug and Play Wi-Fi and LAN support making it super easy to use your smartphone or tablet for a throttle. The system also supports nearly every type of control bus including LocoNet, R-Bus, CAN-Bus, X-Bus, and the Sniffer-Bus so it is fully compatible with most throttle busses currently on the market.

The [Z21](#) system has a ton of great features. Too many to discuss in this newsletter in fact. One really neat feature is throttle applications for your phone or tablet.

You can choose from a classic style or a really cool in-cab style that replicates the cab of a locomotive. If that wasn't enough, Roco also offers a locomotive with onboard camera that provides a live feed from your layout while you drive! Somebody put their thinking cap on for this one...

Whether you are just getting started or searching for a replacement for that tired old first generation command station, the [Z21 Digital Model Railway Control System](#) is surely worth a closer look.

Also introducing the [smartRail Digital Model Railway Display System](#).

This is the ultimate Gentleman's gift and desktop accessory. Who says work can't be fun?

The [smartRail](#) is basically model train dynamometer with an integrated [Z21](#) command station. It uses sensors at either end of the display area to keep the loco properly positioned. The unit is packaged in an attractive display that is sure to turn heads and start conversations. Plus, with the integrated [Z21](#) functionality, you can operate [smartRail](#) with your smartphone or tablet PC. Ultra modern. Ultra cool.

Be sure to tell Santa (or Mrs. Clause) what you really want for Christmas this year.

[Zimo](#) has announced five new decoder models.

MX618N18 – a model 618 with Next18 interface
MX633G – a model 633 with on-board keep-alive
MX645G – a model 645 with on-board keep-alive
MX697S, MX697V – large scale models for Bachmann and Aristo

Now Arriving, Track 1...

The first attempt by [Otto Kuhler](#) and latest release from Fox Valley are in stock and ready to ship!

"Fleet of foot was Hiawatha. He could shoot an arrow from him, And run forward with such fleetness That the arrow fell behind him!"

Welcoming the second release of the '34 Hiawatha Class A 4-4-2 Atlantic...

Flag Stop...

[SBS4DCC - Stock Status Information](#)

Just a reminder that [SBS4DCC](#) features real-time inventory tracking. If it says it is in stock... it IS... I try to maintain a strong selection of DCC and Model Railroad products and try not to hide what I do not stock yet. I appreciate the opportunity to provide catalog items when you can wait a few extra days as this makes a huge difference in my ability to grow and expand my selection.

Every now and then, I do run out of an item. Backorders are accepted on many stock items and orders can still be placed for those items through the web store.

Don't see what you need? I have a growing list of suppliers so be sure to ask about any product not listed on my site.

Now Boarding...

Be sure to take advantage of our no-obligation Pre-Order Special featuring \$1 domestic shipping. No deposit is required and payment is not due until the units are in stock.

Sorry... no good product photos available yet...

Backshop DCC Tip Of The Month...

Gotta take a mulligan this month. Just too much life and work and business to put anything substantial together. More great tips in '14. Stay tuned...

Don't forget to visit the [Tutorials, Tips & Tricks](#) section of website for lots of great DCC info and How-To's.

Interchange Traffic...

Here are a couple of great websites I have come across on the WWW that I want to share. I think you will enjoy them too.

[Boxcars & Freight Cars of N.A.](#)

[HO Seeker](#)

SBS4DCC Varnish Lighting...

I continue to receive lots of positive feedback regarding the [Z, N and HO Scale Passenger Car Lighting Boards](#). I hope you will give them a try on your next car lighting project.

I have added the [N Kato Passenger Car Light Kit Installation](#) page to the website as bit of self-promotion of my light kits and a good general guide and example of techniques I use for installation.

Also be sure to check the [Z, N and HO Scale Passenger Car Lighting Additional Board Connection Diagrams](#) and [Z, N and HO Scale Passenger Car Lighting Additional Application Notes](#) pages for additional information about these great products.

 <p><u>SBS4DCC HO Scale DCC-Friendly Universal Long Passenger Car Light Kit</u></p> <p>Price: \$19.75</p> <p>More Info</p>	 <p><u>SBS4DCC HO Scale DCC-Friendly Universal Short Passenger Car Light Kit</u></p> <p>Price: \$18.75</p> <p>More Info</p>	 <p><u>SBS4DCC N Scale DCC-Friendly Universal Short Passenger Car Light Kit</u></p> <p>Price: \$15.00</p> <p>More Info</p> <p>Fits Z Scale Cars Too!</p>
 <p><u>SBS4DCC N Scale DCC-Friendly Overton Passenger Car Light Kit</u></p> <p>Price: \$13.75</p> <p>More Info</p> <p>Fits Z Scale Cars Too!</p>	 <p><u>SBS4DCC N Scale DCC-Friendly Rivarossi Passenger Car Light Kit</u></p> <p>Price: \$15.00</p> <p>More Info</p>	 <p><u>SBS4DCC N Scale DCC-Friendly Universal Long Passenger Car Light Kit</u></p> <p>Price: \$15.00</p> <p>More Info</p>

Now Departing, Track 9 ...

Be sure to have a look at the [Clearance Section](#) where you can find some high quality products at "Blow-Out" prices.
